

UNIQUEST

DEDICATED TO PERSONAL GROWTH

Twice a month at 7PM on the 1st & 3rd Monday nights, an audience of positive-minded people forms.

The Henry Foundation, a 501c non-profit organization, is a metaphysical and *pro-spirituality* discussion group. It is not affiliated with or focused on any particular organized religion. The foundation looks to embrace the similarities rather than contradictions between the many belief systems in all-spiritual faiths & philosophies.

Expect extremely positive energy!

The foundation arranges classes and retreats featuring guest speakers on a variety of philosophical, metaphysical and spiritual topics with the intentions of promoting positive personal growth for all. The guest speakers bring information that may seem new or refreshing, and a buffet of information develops. Participation is welcome & encouraged in open discussions at all events. The Henry Foundation requests that attendees take what information you like, & leave the rest. Each class is followed by an energy circle prayer/meditation facilitated by Dan Lombardo. Every class also includes the giving and receiving of heartfelt hugs for everyone.
